NO PLASTIC, NO COMPROMISE

Consumers are now actively seeking out products with no single use plastics. **Media-Depot** are dedicated to the provision of mainstream retail product ranges with **ZERO SINGLE USE PLASTIC** packaging.

Mediastar **WIRED** Charge & Sync Cable Range

The 'Wired' Charge & Sync Cable Range is the latest in Mediastar's vision for mainstream product lines with zero plastic packaging.

With innovative "**energy drink**" design the cylindrical packaging stands out whether on a CDU or hung on a display unit.

Mediastar Audio Pods Range

The Audio Pods range of earphones & speakers feature a modern, minimal design with zero plastic packaging.

Their clean design and sharp images show the products at their best on both counter and free standing displays.

Mediastar CM-150 Earphone Range

The established Mediastar CM-150 earphone range has undergone a transformation - emerging as the latest addition to our zero plastic range.

Not only do the new CM-150's feature zero plastic packaging (with a new modern & colourful design); but offer best in market in terms of price vs quality!
